## **CERTIFIED PRECAST PRESTRESSED CONCRETE PRODUCERS**

Specification Reference: 707.02 & ITM 814

A certified precast prestressed concrete producer is one that has complied with the requirements set out in the above referenced Indiana Test Method. PCI B3 certification is required for structural members with straight-strands, and PCI B4 certification is required for structural members with deflected-strands. A producer accepted into this program may supply precast prestressed products for all projects beginning with the date approved as a certified precast prestressed concrete producer.

It is the producer's responsibility to review this list and ensure that new audit documents are submitted within 16 months of the last audit date. If documents are not submitted within the required timeframe, the facility will be removed from this list per ITM 814, Section 5.5.
